**We have many more new and used instruments in stock. This is just a sampling. Give us a call if you need help finding a flute that fits you, or you are looking for a specific instrument.**

**Accessories Galore!**  
 We're Extending Our  
**Merry Christmas! Sale through Dec. 24!**  
*See Page 3*

### Annual and Preventative Maintenance

Remember your flute, just like your car, needs regular maintenance to keep playing at its best. Hard to play low notes, sluggish articulation, & wierd or bad intonation are all indications of leaks. Annual maintenance will clear up the periodic leaking that sneaks up on you and really stretch out the lifetime of your pads. If you keep playing on leaking pads, it will exacerbate the leaks, and eventually, the pads won't be able to be resealed. That means more down time and much more expense.

**Now is a good time to send it in and get it back quickly. We are committed to faster turnaround times so you'll miss as little pratice as possible.**

Give us a call before you ship your flute, and we will phone you with a prognosis as soon as it arrives.

If you'd like your instrument worked on during the time from August 1 through October, please phone as soon as possible for an apointment - so we can start the work as soon as it arrives, and get it back to you quickly!

**For more info. and prices, see our website: [www.cincinnati-fluteworks.com](http://www.cincinnati-fluteworks.com)**
